

Product Specification Sheet:

Comfort S

Height Adjustable Bath

able
Healthcare

Highlights:

- Beautifully designed to feel like home
- Sculpted to give maximum internal room and bariatric capacity
- Twin skinned tub for extra insulation
- Optional extras give ultimate bathing experience: warm air spa and integrated sound and light system
- Adjustable footplate available
- Kiwa KUKReg4 approved

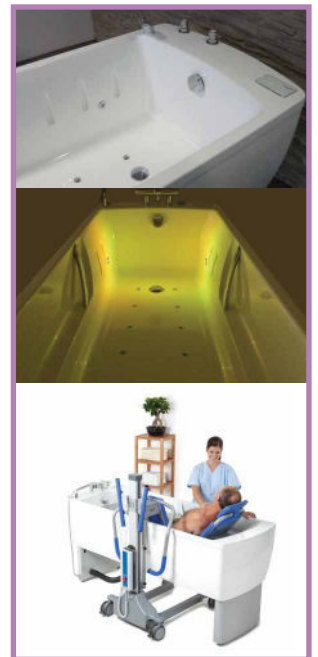

The free standing Comfort S height adjustable bath has been beautifully sculptured to give maximum internal room within a minimal external footprint, allowing extra movement and comfort and boasting a bariatric capacity.

The Comfort S is hoist accessible to accommodate all types of overhead and floor hoists, ensuring easier transfer and access for the carer. The Bannerman patented Neatfold stretcher can also be fitted to make changing and drying easier without additional unnecessary transfer. Optional supports and cushions are available to further enhance comfort and fit, including a footplate with three position settings.

For the ultimate bathing experience, the Comfort S has optional features that include a warm air spa giving a relaxing massage effect, colour changing LED lights and an integrated Bluetooth speaker system, to either stimulate the senses or create a relaxed environment.

The Comfort S comes as standard with a Showersafe gantry system which is fitted with a TMV3 temperature control, is Kiwa KUKReg4 approved and provides backflow protection to fluid category 5 level. The bath filler is separately fitted with a TMV3 temperature control.

It is also available in a variety of colour options.

Standard Features:
